Dear IADT members,

Welcome to the October Newsletter. As always there is a lot going on all around the world in the field of Dental Traumatology.

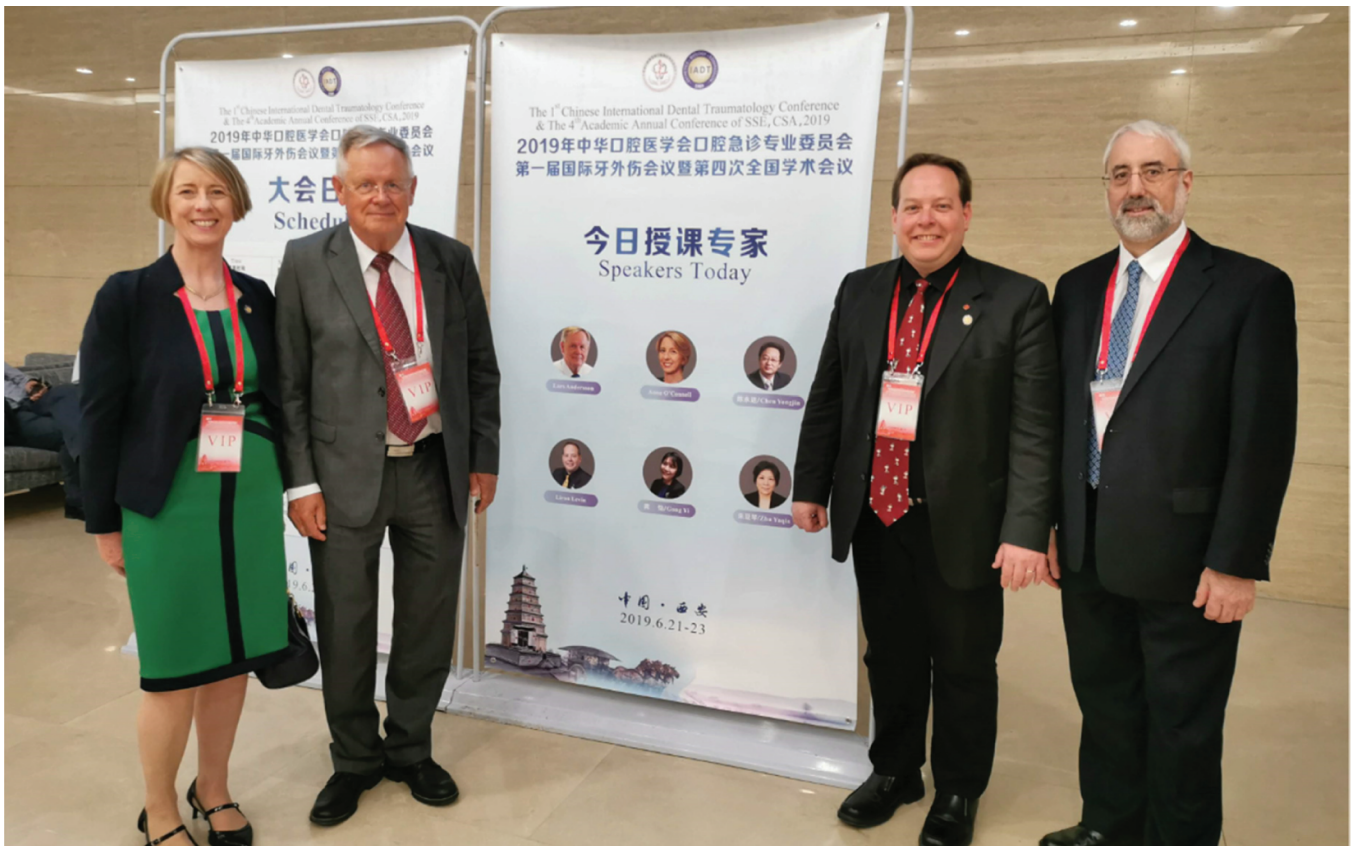

The Chinese International Dental Traumatology Conference supported by the IADT together with SSE, CSA took place in Xi'an China. The conference was a tremendous success with about 600 participants from 13 different countries attending and listening to lectures by IADT representatives as well as local leading lecturers. The meeting was successfully organized by professors Yong-jin Chen and Yi Gong and the IADT was represented by Anne O'Connell, Lars Andersson, Paul Abbott and Liran Levin.

This meeting was an initiative of the IADT Board to broaden the horizon of the IADT. Congratulations to all those involved.

The full list of speakers were

Paul Abbott	Zhang Min
Lars Andersson	Anne O'Connell
Xu Bing	Yu Qing
Liu Feng	Zhu Yaqin
Xuan Kun	Gong Yi
Wan Kuo	Man Yi
Liran Levin	Chen Yongjin

President Anne O'Connell, Past President Lars Andersson, President Elect Dr Liran Levin and Editor-in-Chief of Dental Traumatology Paul Abbott

2- WCDT Lisbon, Portugal, June 17–20, 2020

The theme of the IADT World Congress in Lisbon, Portugal and organised by organised by the International Association of Dental Traumatology (IADT) and the European Society of Endodontology (ESE) in association with the Portuguese Society of Endodontology (PSE will be

“Challenges, Opportunities and New Horizons in Dental Trauma.”

An exciting program and presenters who are recognised leading academics, researchers and clinicians will be updating us all on the latest challenges in dental traumatology.

3- Fun Facts about Portugal

1. Portuguese is the official language of 9 countries

Over 236 million people world-wide are native Portuguese speakers. Portuguese is the official language of Portugal, Brazil, Cape Verde, Angola, Guinea Bissau, Mozambique, Principe, Sao Tome and Equatorial Guinea. Portuguese is also spoken in Goa (India), Macao and East Timor.

2. Portugal is the oldest country in Europe

Portugal has had the same defined borders since 1139, making it the oldest nation-state in Europe. Afonso Henriques was proclaimed the first King of Portugal in 1139 and the country remained a kingdom for almost 800 years thereafter, until 1910.

3. The oldest bookstore in the world is in Portugal's capital

Bertrand bookstore (pictured above, located at the corner), was established in 1732. It is located in the capital of Portugal – Lisbon

4. One of the oldest universities in Europe is in Portugal

The University of Coimbra was established in 1290, making it one of the oldest universities on the European continent.

4- Congratulations to new Fellows

Dr. Adrian Silberman USA

Dr Nitesh Tewari India

Dr Samah Omar USA

Dr Rona Leith Ireland

Dr Sue Taji, Australia

Dr Tony Skapetis Australia

Dr Olga Tishkina Russia

5- Other World Trauma meetings

David Rubio Flores is with César de Gregorio at Kinépolis Madrid

Below is a report by Dr Cesar de Gregorio about the Conference

The Spanish Society of Endodontics (AEDE), organized its First Symposium on Dental Traumatology, July 12-13rd in Sevilla (Spain). With a very attractive scientific program, where seven speakers gave lectures on different topics. This symposium was open to endodontists, pediatric dentists, general practitioners and dental surgeons. 150 professionals attended this first symposium on DT.

The event started with a 3 hours lecture by Marga Ree (Netherlands) , who explained the last trends in DT and its restorative treatment. Joao Carlos Ramos (Portugal), researcher specialist on biomaterials, closed this first day with an interesting lecture about conservative and regenerative treatments.

On Saturday morning, Mercedes Granados spoke about the protocols recommended for dentists in primary care at the emergency room of hospitals in Spain. Asuncion Mendoza focused her lecture on complications in avulsions, while Montse Mercade gave her point of view on the advantages of the decoronation treatment to preserve the alveolar bone.

The symposium was closed by Cesar de Gregorio and Antonio Batista. César de Gregorio spoke about inflammatory resorption and the management of these situations with different protocols, among them, the intracanal medication with Corticosteroids. Antonio Batista presented a lecture about oral surgery and its implication on dental trauma.

SCHEDULE

- 8.30 am : Registration
- 9.30 am : E poster competition
- 10.00 am : Inauguration
- 10.45 am : Lecture I **Splinting of Traumatized teeth: Paradigms and Challenges** - Dr. Nitesh Tewari
- 11.00 am : Tea break
- 12.00 noon : Lecture II **Primary Dentition - Revisited** - Dr. M. S. Muthu
- 1.00 - 1.00 pm : Lecture III **Diagnosis and management of Root Fracture** - Dr. Ajay Logani
- 2.00 pm : Lunch break
- 3.30 pm : Grand Poster Presentation & Panel discussion
- 4.00 pm : Lecture IV **Management of the Line of Fracture** - Dr. Sumir Gandhi
- 4.30 pm : Lecture V **Endodontic Management of Root Fracture: Prognosis, Sequela & Complications** - Dr. Abi M. Thomas
- 5.00 pm : Prize distribution and Valedictory function.

6- Sports injuries and dental trauma: a project to save knocked out teeth

Featured in the BDA: Victoria Cave, Beth Burns, Emma O'Donnell, Niamh McGrath

Their project was called 'It's a Knock Out', and focused on Higher Physical Education and Sports Leadership pupils within Glasgow High Schools, local Sports Team Managers, Scouting and Guiding Leaders.

The three Dental Core Trainees decided to put together a training package to take out to the community, with the support of Beth Burns, Consultant in Restorative Dentistry and Scottish National Representative of Dental Trauma UK.

They provided a short presentation including videos from Dental Trauma UK demonstrating how to replace an avulsed tooth at the time of injury for non-dental groups.

The presentation involved prevention - covering the importance of mouthguards for both training and matches and discussed the different types of mouthguards.

Congratulations to you all from all IADT members
